## PROFESSIONAL EXPERIENCE

### Front-end Developer

*Multisoft / May 2023 - ongoing*

I further develop Softadmin, a low-code platform for companies, and work within the R&D team. I also work on the website (TypeScript, Less, C#, T-SQL, Wordpress).

### Front-end Developer

*Klimato / April 2023 - May 2023*

I built a Life Cycle Analysis Full Stack application. Design Work (UX/UI), front-end (React, Typescript, styled components) and back-end (Express, NodeJS, MongoDB).

### Software Developer

*Redmind / November 2022 - April 2023*

Client: Moveat - website, dashboard & app, front-end and back-end (ReactJS, React Native, Firebase, NodeJS, TypeScript). Redesigned dashboard, created a queue line and a rating comment function. Coordination with the client and the team (agile process).

### Editorial & Marketing Manager

*Hint / June 2021 - July 2022*

Editorial and Marketing Manager for the AI streaming recommendations startup Hint. From April 2022: front-end developer on the chatbot (JavaScript) and the future app's shell and onboarding process (Figma, Flutter & Firebase).

### Journalist

*Press, radio and TV / October 2017 - December 2021*

Society and investigative reporter. Investigation on the culture of honor. Reportage during the Algerian revolution in 2019 and the yellow vest protests in France in 2019.

- Freelance journalist in Algeria, Sweden and France (2019 - 2021)
- Journalist at P4 Västmanland (2019)
